BANDAR MULTI TEKNIK

PT Bandar Multi Teknik is a company engaged in metal manufacturing and fabrication, serving the needs of the industry with a focus on the manufacture, assembly and repair of metal components for the machinery and shipping sectors. With an experienced team as well as the support of complete machinery and a team of competent experts, we are committed to providing high-quality work, precision, and on schedule. Client trust is the main foundation in every project we handle.

BANDAR MULTI TEKNIK

We are a metal manufacturing and fabrication company specializing in machining, assembling, and repairing metal components. Equipped with advanced machines and a skilled team, we serve various industrial and maritime projects with precision, reliability, and professionalism.

Our Mission

Providing quality metalwork through skilled teams, advanced machinery, and timely delivery to meet every client's needs with professionalism.

Our Vision

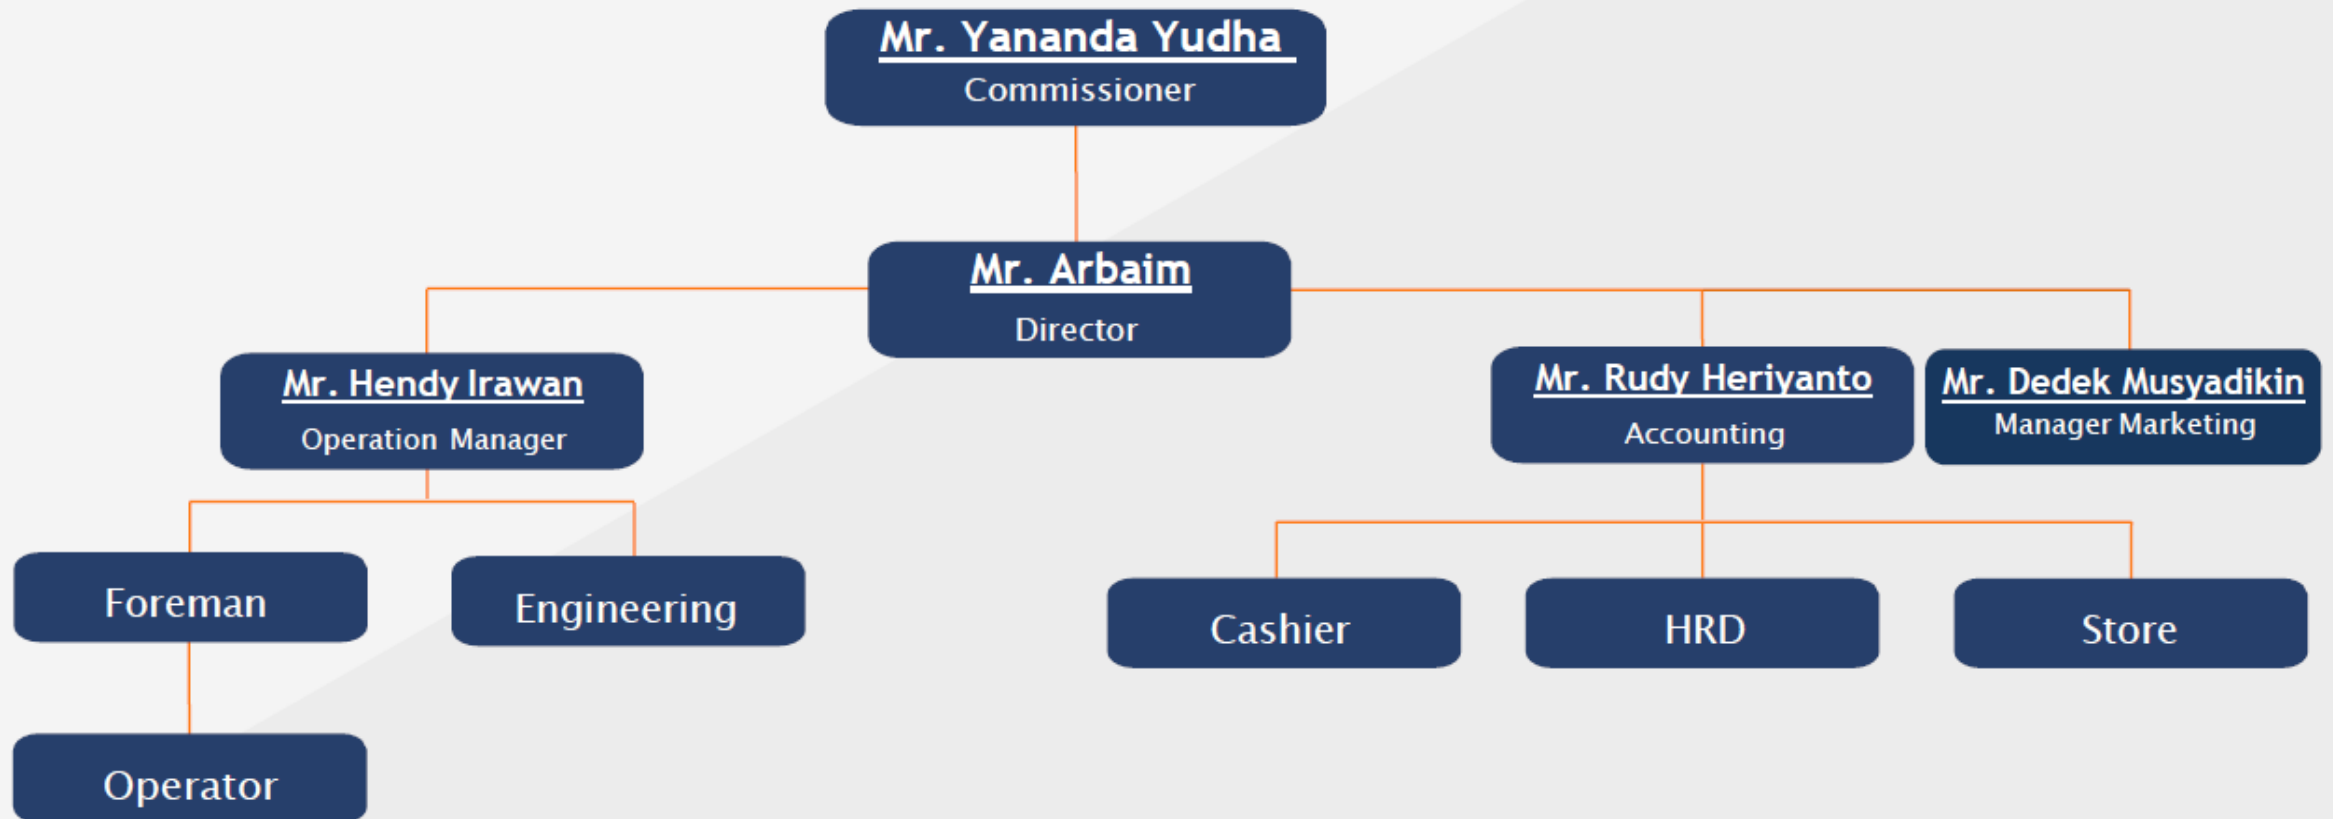

To be a trusted partner in metal manufacturing and fabrication with precision, professionalism, and commitment to maritime and industrial excellence.

Our Goals

To deliver precise, on-time projects, enhance capabilities, and build lasting partnerships in the maritime and industrial sectors.

BANDAR MULTI TEKNIK

OUR SERVICE

Mr. Yananda Yudha

Mr. Arbaim

Fabrication

the process of shaping and assembling raw materials (usually metal) into a specific structure or component, often custom or according to a required design.

Manufactur

the process of transforming raw materials into finished products through a series of production stages, either manually, mechanized, or automated. It is usually done on a large scale with repetitive and standardized processes.

WE DO PROFESSIONAL IN PROJECT

We believe that professionalism is not just a value—it's how we operate. Every project is handled with careful planning, skilled execution, and clear communication to ensure the best results. From start to finish, we are committed to maintaining high standards in quality, timeliness, and client satisfaction.

Good Leading

We believe that strong leadership drives project success. Our leaders are committed to clear direction, strategic planning, and effective decision-making to ensure each stage runs smoothly and efficiently.

Solid Teamwork

Every achievement is a result of solid collaboration. Our team works with unity, mutual respect, and shared responsibility—ensuring that tasks are executed with precision and synergy.

Excellent Experience

With years of hands-on experience in metal fabrication and industrial projects, we bring practical expertise and proven methods to every challenge—ensuring reliable results, every time.

OUR CORE

We ensure every process, cut, and assembly is carried out with high accuracy to meet technical standards and client expectations.

Precision

CUSTOMER SATISFACTION

Client satisfaction is the result we aim for. We listen, respond, and adapt to provide solutions that truly meet your needs.

Scheduled

Timely execution is our priority. We are committed to delivering each project according to the agreed timeline without compromising quality.

PORTFOLIO & GALLERY

Fabrication all kind of Gear wheel
(Spur gear, Helical gear, Bevel gear, etc)

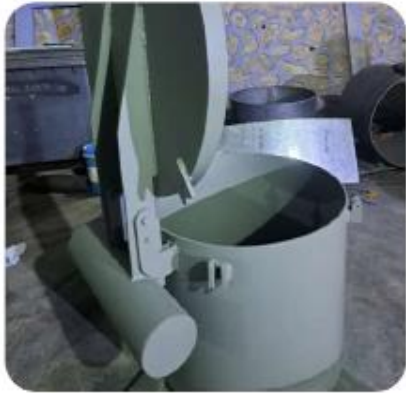

Hydraulic automation part and services.

We are able to repair hard chrome plating
grinding and polishing.

Specialist in rebuilding all kind of Engine Crank Shaft,
Grinding surface Roll grinding, Cylindrical re borings
& Honing, grinding inserting Bearing re metalizing

Dynamic balancing of pump impeller,
and Turbin rotors.

PORTFOLIO & GALLERY

Turbine Overhauls Repairs.

Anti Corrosion Technology for
Marine Power plants industries.

In Situ Line Boring, grinding Honing
(Stan tube Propeller etc)

Technical service and Replacement
parts of Diesel engine.

Welding Stay lite for Valve spindle seats.

PORTOFOLIO & GALLERY

Total service, Drives generators power and distribution Transformers.

Engineering fabrication Automation Control

New building modification repair spare part supply.

Fabrication of Winch and Mooring system

Fabrication of all kind of Marine Outfitting.

PORTOFOLIO & GALLERY

Ship building and Ship repairs.

Ship Propeller repairs.

Fabrikation and manufacturing all kind off
Mushroom blower.

Instalation and Fabrication Ducting and HVAC.

FUEL FILTERISASI SYSTEM

SYSTEM PROSES SOLAR

PENJERNIHAN SOLAR

SOLAR B50 MENJADI JERNIH

AMAN UNTUK ENGINE KAPAL
